

Our Locally-owned Independent Businesses. . .

STRENGTHEN [CITY'S] ECONOMY. More of each dollar spent at local independent businesses cycles through the community. Local independent businesses and their staff hire your family members and friends for bookkeeping, childcare, carpentry and more, and local revenues benefit from repeated tax collection--for school libraries and bike paths and law enforcement, benefitting everyone.

ENSURE [CITY] HAS UNIQUE AND LOCALLY-TAILORED CHOICES. [City] community members benefit from a multitude of independent, community-rooted businesses that can tailor to local needs, make personal orders, try interesting new products suggested by customers, and give local products a chance.

INSPIRE [CITY] WITH CREATIVE GOODS, PEOPLE, AND ARCHITECTURE. Locally-owned independent businesses help make (community) unique. With local [City] architecture and creative storefronts, goods produced by or that appeal to community members, and often quirky owners running the store, community members are treated to experiences only found in [city].

ENRICH [CITY'S] SHOPPING EXPERIENCES WITH THEIR KNOWLEDGE & PASSION. Owners and employees of local stores are passionate and knowledgeable about their business. Their ability to find you the perfect cheese, your new favorite jazz singer, or the right baby gift can enrich your daily life in unexpected ways.

PRESERVE THE BEST OF [CITY'S] PAST. Historical architecture and generational family businesses keep local traditions and specialties alive and evoke childhood memories.

SHAPE [CITY'S] FUTURE. It's much easier to support the unique things you love about [City] now, than trying to regain or recreate it. Shop at the places that make [City] the place you want it to be, and it will stay that way.

GIVE BACK TO [CITY] WITH TIME, MONEY, GOODS AND SERVICES. Because owners live here, they care about [city's] well being. From donations of photocopies and fresh donuts to sponsoring a little league baseball team, to volunteering to clean up a park, local independent businesses get involved.
